11:44 AM **BushwickBK.com**: states are weird
me: how so?
11:45 AM **BushwickBK.com**: how can that shithole chechnya be worth all this?
wars, bombings, doesn't make sense
keep the glory of the state intact no matter how many people are ripped apart in the process
11:46 AM **me**: you know about the 1999 bombings, right?
BushwickBK.com: individual "territorial integrity" is nothing, only land on a map is
yes of course
me: there are a lot of fucking Putin supporters out there
BushwickBK.com: whether chechens or putin did it
me: no shit, that's why I'm a radical anti-nation state anarcho-capitalist
BushwickBK.com: no chechnya, no bombing
11:47 AM **me**: and conspiring to create alternative, global institutions
out of media reform projects
incidentally
I got Michael Hastings on board
and told him about the long-term plan
BushwickBK.com: not familiar with him
me: he was Newsweek's Baghdad correspondent for years
BushwickBK.com: oh right you mentioned
me: also covered 2008 elections for them
11:48 AM quit and then wrote an expose on their misplaced priorities
talked to him for like two hours yesterday by phone
going to meet up before he heads to Afghanistan in a month or so
he's very much down for everything
BushwickBK.com: nice, he in NY?
me: based in Vermont
at the moment
just had a book come out
11:49 AM working on another one
a novel about the deficits of the media
BushwickBK.com: quite an impt subject
11:50 AM **me**: yeah, we're really on the same page
BushwickBK.com: so you wanna write somthing for bbk about the project?
11:54 AM **me**: yep indeed
also, lol at conservative christian blogger reaction to christian militia arrests

fucking dipshits

BushwickBK.com: oh what I didn't see that

11:55 AM **me**: totally out of the closet regarding the reasons for their opposition to Islam

hint - nothing to do with terrorism

not all, of course

11:56 AM **BushwickBK.com**: I remember back in 2001
